FLUORIDE REMOVAL

The ABA2000FL® cartridge is a new and improved high yield activated aluminum oxide specifically formulated for the removal of fluoride from drinking water by Omnipure Filter Company, USA., the world's largest and most reputable water filtration company. ABA2000FL has an unusually high surface area of more than 350 sq. m./gram of material which allows more efficient removal of the **fluoride ions**.

* RECOMMENDED CARTRIDGE CHANGE : Yearly.
